

Memorandum

Date: April 3, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(0)(5)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing the Execution of a Supplemental Joint Participation Agreement with the Florida Department of Transportation to Provide Additional State Funding in the Amount of \$200,000 for the Operation of the NW/NE 135th Street/Opa-locka Boulevard Crosstown Bus Route Service

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Supplemental Joint Participation Agreement (SJPA) in substantially the form attached hereto, with the Florida Department of Transportation (FDOT) to provide additional State funding in the amount of \$200,000 for the continuation of the NW/NE 135th Street/Opa-locka Boulevard Crosstown (Route # 135) service.

It is further recommended that the Board authorize the receipt and expenditure of funds as specified in the Agreement. An equal match of \$200,000 will be provided through Miami-Dade Transit's (MDT) Operating funds.

This contract award recommendation is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This contract award recommendation may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the BCC prior to the date scheduled for BCC consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this contract award recommendation. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this award recommendation, I will request a withdrawal of this item.

SCOPE

While this route runs through the County Commission Districts 1, 2, 4, 6 and 13, the impact of the project benefits the riding public, and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

This total State participation provided by this SJPA is \$200,000. The State's \$200,000 funding contribution would be matched equally by MDT's Operating funds (Operating expenditure index code MT710800) as programmed in the adopted Fiscal Year (FY) 2011-12 operating budget of MDT. This funding is for operating assistance for FY 2012 year's budget only and therefore, has no fiscal impact on any future budgets.

The current and future operating cost for the Route 135 is \$1.963 million annually. Since the inception of this route in 2009, the State has contributed \$323,000.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than twenty-five (25) years. The Project Manager for this SJPA is Robert Villar, Chief, Budget and Performance Reporting.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution which include authority for the Mayor, Mayor's designee or the MDT Director to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

The State of Florida's Service Development Program provides funding for the improvement or expansion of public transit services with a focus on innovative technologies, marketing community outreach, and other techniques used for increasing service to the riding public. Service Development Projects are limited to three years or less in duration. If determined to be successful, the project must be continued without additional Service Development Program funds.

The Route 135 from Florida International University (FIU) Biscayne Bay Campus to NW 60th Avenue in Miami Lakes began service on December 13, 2009. This route provides direct service from east to west along the State Road (SR) 916 Corridor. Previously, a transfer was required when traveling from FIU and North Miami to Miami Lakes. Currently, the route provides in the NW 135 Street/Opa-locka Blvd corridor more frequent service and enables passengers faster service to FIU and access to the Opa-locka Tri-Rail station. Residents of North Miami are able to reach jobs easily at the Miami Lakes Industrial Park. The entire corridor has feeder bus access to the Opa-locka Tri-Rail station.

On June 3, 2010, the Board approved Resolution R-602-10 through a Joint Participation Agreement with FDOT for State funding in the amount of \$123,000 for the Route 135. The State's total funding participation, inclusive of this SJPA provides two years of funding under its Service Development Program for a total of \$323,000. The State has programmed in its Five-Year Work Program, an additional \$525,000 in FY 2013, which is the final year of funding eligibility under the State's Service Development Program.

On September 1, 2011, the Board approved Resolution R-668-11 authorizing the execution and filing of a grant application with the Federal Transit Administration (FTA) for 5316-Job Access Reverse Commute (JARC) program funding. The South Florida Regional Transportation Governing Board approved the MDT's JARC projects and program funding on December 16, 2011 which included the Route 135 in the amount of \$394,275. MDT is in the process of submitting the grant application to FTA for final approval and anticipates the award and final execution of the JARC grant by March 2012.
